SWAROVSKI

AUTHORIZED RESELLER

PROUD TO BE A: **Swarovski** AUTHORIZED RESELLER

ChandelierParts.com is an "AUTHORIZED RESELLER of Swarovski"

Not every dealer is an "AUTHORIZED RESELLER" and it's your guarantee that you are receiving genuine Swarovski prisms. There are only a handful of Authorized Resellers of Swarovski in the lighting industry in North America. It takes a special commitment as well as stringent marketing. Swarovski takes great care in how their products are represented to the public.

ChandelierParts.com is an operating unit of Kiefers.com, Inc. of Fergus Falls, Minnesota. We are a diverse e-commerce company that owns companies dating back to 1885. We value each customer and take special care to offer value and good service on every order. Despite the fact that we have over 50,000 chandelier parts customers, we think every order is critical to our success.

This is our 35th year in business and here's a few things you might find interesting.

1. We've never had a minimum order, ever. You can buy what you need. Many companies demand large order amounts.
2. We DO NOT charge a "small order" charge. Many companies charge a surcharge if you order under \$100.
3. Every item and every order is guaranteed.
4. We're a "golden rule" company and treat customers as we would like to be treated.

MIKE BREEN
Vice President

KURT KIEFER
President

ABOUT THE COVER PHOTO

One of our Minnesota customers came to our office recently after she rescued this wonderful chandelier frame. It came without prisms and she needed to entirely dress it out. She had a good eye and chose a great mix of leaded crystal prisms including: beads, u-drops and radiant teardrops. The end result was fantastic. The

completed chandelier has everything you want in a great chandelier: color, energy, movement and a terrific story. A chandelier like this brings a room to life.

SPECIAL ORDERS
Gladly accepted, including
custom pinning and designs

CUSTOM PINNING

ChandelierParts.com has one of the industries largest inventories. Because of our huge inventory, we can match almost any configuration or project you have. Just give us a call or send us a diagram and we'll be glad to quote you.

WHAT YOU NEED TO KNOW

Tray and Box Pricing

All prices displayed in this catalog represent one item. However, on most items we offer "Tray" and "Box" pricing which are at discounted levels.

In order to receive the discounted "Each" price, you must order the indicated "Tray" or "Box" quantity. You don't have to order in the exact tray or box quantities but simply to the minimum amount to receive the discount.

Example:
\$5.00 ea.
\$4.50 ea. in tray of 10 (or more)
\$4.00ea. in box of 50 (or more)

PLEASE NOTE: This means if you order 1 to 9 pieces they will be \$5.00 each; 10 to 49 pieces, \$4.50 ea, and 50 or more, \$4.00 each.

NOTE: Prices in this catalog are subject to change without notice. Orders are subject to acceptance. We try to hold prices until our next catalog printing, however the global marketplace and overseas exchange rates make this impossible. Our website has the most current pricing.

Colored Teardrop

Swarovski crystals capture even the tiniest ray of sunlight and fill any room with color and life. They are perfect in their clarity and beauty. Their outstanding quality is the result of the combination of purest raw materials, absolute cutting precision, special polishing and finishing and uncompromising quality control. Perfect cut, exact geometry and precise angles, draw out the maximum brilliance and unique color spectrum from within the Swarovski crystals.

ROCK CRYSTAL

Rock Crystal is the name given to all clear colorless quartz. It is widely used as gemstone due to its beauty, affordability and ease in cutting. Rock crystal is the crystal ball of fortune tellin fame. most of the common flaws are called internal fractures, which result in veils and colorful refractions that lend the incredible beauty of rock crystal. Rock crystal can be found in many fine chandeliers which feature a unique look of beauty, balance, clarity and energy.

VINTAGE STOCK

NEW VINTAGE STOCK

All prices are EACH. Tray and box discount prices and quantities as shown. (see page 3)

Occasionally we are presented with buying opportunities with new-in-the-box merchandise that has been on distributor shelves for an extended period of time. Many of these pieces are truly unique, so we'll buy them. We try to tag those items with a "NEW VINTAGE" button to alert you that the items are 25 or more years old. For example, we found some lovely West German prisms which date prior to 1990 when Germany was reunited, so we tagged those items. Many people look only for these when restoring or matching an older chandelier.

Chandelier Arms & Scrolls

We carry chandelier arms in crystal, chrome, brass, and unfinished brass. Choose from styles such as rope, "S", or fluted chandelier arms. These chandelier parts will provide your chandelier with extra dimension, enhancing the appearance of any room. Please note you may see a slight variation in size for some of our chandelier parts, especially chandelier arms. For example, it is typical for a 7" arm to measure just under 7", but it will still be described as 7".

Measure Center Hole To Center Hole

12" Chrome Rope S Arm

12" Chrome rope "S" arm with wiring and socket.

Item Number: 46-432W
\$21.50 each

Krypton

Nickel base.

Krypton bulbs have advantages that they use less electricity, provide brighter, whiter light and last longer than incandescent bulbs. Flame-shaped krypton bulbs are used in chandeliers because of the sparkling effect of their bright white light. Krypton lights can operate on line voltage, are fully dimmable and have long life without the high temperatures and other hazards of halogen bulbs. They have a service life far longer than that of incandescent bulb and thus reduce replacement costs.

49-999 \$13.95 each

GENERAL ORDER TERMS

1. OUR PRODUCTS: Our products are all first quality and guaranteed unless noted. We buy Swarovski directly from the manufacture and guarantee those products. We do not buy Swarovski from dealers or on the secondary market, so our prices are lower and quality guaranteed. Some resellers have terms like "Swarovski like" or "similar to Swarovski", so be sure of what you are buying. We've been selling chandelier parts for over 30 years and respect greatly our relationship with producers like Swarovski, Asfour and other quality manufacturers. When you are ordering from us you know are getting the best quality available for the money.

2. SHIPPING TIMES: Our orders generally ship from our plant in 3 to 5 days. We ship high volume every day and orders are shipped in the order they are received. We have a stock rush charge of \$10.00 which guarantees your order will ship out the day it is received (by noon). We ship nationwide via UPS and can reach almost everywhere within 5 days. *USPS requests can be accommodated but we charge a special \$5.00 handling fee.*

3. MINIMUM ORDER: For the past 34 years we have never had a minimum order, period. We understand sometimes you only need one item. We welcome all orders. We do ask that you "try" to place a \$25.00 order. But we want to stress we welcome all size orders. Many times a first small order becomes a lifetime customer. We have thousands of customers who order every year and we appreciate every customer regardless of order size.

4. RETURNS: Returns must have authorization by calling (218) 736-7000. All returns must be within 30 days of date of order shipment. Returns are subject to a 25% restocking fee and must be in "like new condition". Obviously used, damaged or broken items cannot be returned. Returns must be sent to our Order Facility at: 417 W Stanton Ave. Fergus Falls, MN 56537. Special orders cannot be returned. Customer must pay freight to return items plus the restocking fee.

5. PRICES: Prices are subject to change without notice. The exchange rate internationally can change prices quickly on many items. Just about all our prisms are imported. We usually try to hold prices during the catalog period, but there are times this is not possible. Our website: www.chandelierparts.com keeps prices updated on a daily basis. We reserve the right to correct catalog and web prices and information.

6. TERMS: Our terms are prepaid with check, credit card or wire transfer. We do not offer "open" account terms. We keep our prices the lowest possible and treat all our customers fairly and equally. Orders are subject to acceptance.

7. MEASUREMENTS: Prisms are usually measured without the head bead or jewel head. Add about 1/2" to 3/4" to the prism measurement to get the overall measurement. Most of our measurements are in millimeters, (see our mm conversion chart to inches). Some items include a top bead and some do not, so it's important to read each item description closely. Please note that many prisms are hand made and have some differences in size item to item. Also, due to using several sources, we allow for a reasonable variance from listed sizes.

8. INTERNATIONAL ORDERS: We welcome international orders and ship worldwide on a regular basis. All customs fees, import taxes, duties or fees imposed by your government are your responsibility. International customers need an account with us prior to shipment. Larger orders require prepaid wire transfer prior to shipment.

9. STOCK: We try to stock each item on our website or catalog. We have a huge inventory and get product in on a daily basis from our manufacturers. We have a professional staff to help you with your order questions. However, we occasionally do not have an item in stock the day you order it, but generally will ship quickly provided it does not have to come from the overseas factory. We always communicate with you on your order status if this is an issue.
